

About Us

KinderCare Education is America's largest provider of early education and child care serving more than 180,000 hardworking families where they need us—in neighborhoods, at work, and in schools.

We employ more than 27,000 teachers and operate more than 2,000 early learning centers and programs. Our company is headquartered in Portland, Oregon. In 2019 KinderCare Education earned our third Gallup Great Workplace Award—one of only 39 companies worldwide to win this award.

2015: Partners Group invests in KinderCare Education

2016: Launched KinderCare Education at Work™ family benefits brand for employers

2018: Acquired Rainbow Child Care

Our Commitment to Quality and Teachers

Nearly 100 percent of our centers and sites are nationally accredited by industry-leading early childhood education agencies, such as the National Association for the Education of Young Children (NAEYC).

Teachers are the heart of KinderCare Education and have the largest impact on our children and families' experiences in our centers and sites. Our Professional Development Days are an opportunity for teachers to be inspired and stay abreast of current best practices that will enrich the experiences our children have in the classroom.

The KinderCare Education Legacy Awards recognize exceptional teachers on a regional and national level. Recipients are chosen yearly from more than 27,000 early childhood educators within the KinderCare Education family of brands. These teachers receive company-wide recognition and are celebrated within their communities. Regional winners also receive a cash prize of \$5,000 while national winners receive \$10,000. KinderCare Education is the only early childhood education company to offer an award of such significance.

Our Curriculum

At KinderCare Education, we recognize the importance of encouraging curiosity, delight, and a fascination with the world in every child. We guide children on this road to discovery with our research-based standards and assessments along six developmental domains:

Language and Literacy Development

Involves children's abilities to convey their ideas, thoughts, and feelings through speaking and writing, and their ability to demonstrate early reading skills.

Executive Function

Focuses on the development of skills necessary for learning, such as self-regulation, attention, and persistence.

Social and Emotional Development

Supports a child's ability to express and regulate feelings and develop relationships with others.

Physical Development and Wellness

Gives children opportunities to build large- and small-muscle skills, strength, stamina, and knowledge needed to live a healthy lifestyle.

Cognitive Development

Supports the mental processes needed to think, make sense of the world, and understand knowledge across different subjects, including mathematics, science, and social studies.

Creative Expression

Helps children creatively explore the arts, movement, drama, and music.

Our Philanthropic Focus

At KinderCare Education, we believe in giving back to programs that benefit children of all ages in the communities where we work and live. KinderCare Education is proud of our continuing partnerships with these key non-profit organizations:

- Girls Inc. of the Pacific Northwest
- Metropolitan Family Service
- The Portland Trail Blazers' Read Big Program
- Schoolhouse Supplies
- Start Making a Reader Today (SMART)
- The Children's Book Bank
- The Dougy Center
